KEYNOTE ADDRESS - SEGUN OLANIPEKUN

It is a good thing to give thanks unto the Lord and to sing praises unto thy Name, O Most High .Psalm 92:1

Oh give thanks to the LORD, for He is good: for his mercy endures forever.

Greetings!

To God alone be the glory!

Some celebrate the origin, some the present, others the destination.

What matters is the celebration. The soul that celebrates is a soul that is thankful, grateful and appreciative. A soul that is grateful is a soul that is ready to be enlarged and ready for more. Our soul is grateful both for the past, the present and the future of ICLD and today we celebrate all of that.

We celebrate:

- God who has continued to be our source. The Lord has been the source of the vision as well as the provisions of ICLD.
- Fellow workers: Board Members, Administrative staff, Very many volunteers.
- Beneficiaries of the leadership training classes over the years from the first class in Kempton Park till the current one in Pretoria.
- The Africa Leadership Summit.
- The Bible House Project, a program of the government of Israel where nations inscribe the Bible.
- Several other projects where the Institute has been relevant in Nation Building.

It is my prayer that our praise, thanksgiving and this entire ceremony will be like the Alabaster ointment that the woman opened and poured on Jesus Christ and the entire place was filled with the aroma. That it may be like the dance that David did on the day that he and his men successfully brought the Ark into Jerusalem. That all that we do today, will be like the water that the mighty men of David brought from the well of Bethlehem and David had to pour it out before the Lord.

ICLD has two legs:

One is the leadership training and conferences.

The second is projects that we undertake to respond to contemporary issues in society

Among those are:

- * HIV & AIDS Socio Spiritual Response 2006
- * Response to the Gay Revolution seminar
- * New Wine Conferences
- * Africa Youth Camp
- * The dedication of South Africa 2012
- * Response to the 2008 global economic meltdown
- * Africa Leadership Summit

* Conversation Guide for 2014 General Elections - One Day Consultation as a result of which the Institute has now been invited by the Electoral commission of South Africa to conduct a Voter Education all over South Africa for the 2016 Local Government elections

And many more

The theme of 10th Anniversary celebration is "KeNako" Sotho phrase meaning "It is time"

It is Africa's Time!

It is time for what?

❖ Time to Build Africa

President Barrack Obama says that "Africa does not need strong men but strong institutions"

The Institute hopes to be one of those institutions that will be used of God to transform the "dark continent" into a continent of light

- ❖ It is time to build the African economy - Song of Solomon 1:5
- ❖ It is time to focus on Africa and the purposes of God as spelt out for Africa in the Bible.
- ❖ It is time to overcome corruption, ineptitude and entitlement mentality.
- ❖ It is time for the church to ensure that the nations of Africa become the heritage of Christ and not a tool of the antichrist
- ❖ It is time to be "a sheep nation and not a goat nation" Matthew 25:32

With legislations supporting homosexuality, abortion and increasing rights without responsibilities, nations could easily become "goat" nations - rebellious.

- ❖ It is time for the church to be involved in development issues and not just develop an escape mentality.
- ❖ It is time to be burdened with love and overcome hatred and racism
- ❖ It is time for the City Builders and Nation Builders to arise out of the church and in every community
- ❖ It is time for the church to build a civil society that can hold governments accountable and productive.
- ❖ It is time to create alternative systems in every sector of society. Western systems will continue to perpetuate neo colonialism and enforce subservience. Black and Whites Africans must work together to usher Africa into a renaissance without idolatry, ancestral worship, freemasonry and the diabolical.

Ten years anniversary of the Institute is a special time for us as a Christian organization to give thanks to God and to give Him all the glory.

It is time for impact measurement and assessment of programs. It is time for ICLD to focus on the vision, renew our strategy for resourcing the organization, recruit more partners and reconnect with old partners.

At the beginning of the work of ICLD, among other things that God said to me. He said, link the work with Israel. Despite the strong wave of anti-Semitism in South Africa, we have continued to advocate for the support of Israel and the connection of the African cities, sectors and systems with the Abrahamic

covenant, mantle and blessings. This is the vision and purpose of the Africa Leadership Summit.

Secondly, God said to me, three things must not be missing in ICLD work:

Light

Substance and

Structure

Ladies and gentlemen, as we work towards the African century, ICLD seeks to build leaders who understand biblical dynamics and are able to apply these dynamics to nation building in every sector of society. Very soon, we are going to invite you for the lunch of the City Builders Network as well as roll out program for Voter Education in preparations for the 2016 General Elections. We continue to dig deeper into our mandate to connect heaven to earth, to bridge the gap between spirituality and scientific and information technology age and to ensure that the Kingdom of men actually become the kingdom of our Lord Jesus Christ

In closing, I share this joke with you.

It's about genealogy

A little girl asked her mother, "How did the human race appear?" The mother answered, "God made Adam and Eve and they had children and so was all mankind made" Two days later, the girl asked her father the same question. The father answered, "Many years ago, there were monkeys from which the human race evolved." The confused girl returned to her mother and said

"Mom, how is it possible that you told me the human race was created by God, and Dad said they developed from monkeys?" The mother answered, "Well, dear, it is very simple: I told you about my side of the family and your father told you about his"

Ladies and gentlemen, I thank you for coming.
