

INSTITUTE FOR CHRISTIAN LEADERSHIP DEVELOPMENT

ANNUAL NEWSLETTER

2018 ISSUE

FROM THE DESK OF THE CEO

All Glory to God for the year 2018. God has in His infinite mercy continued to use the Institute and allied organizations to advance His Kingdom agenda in our time. We are humbled by the grace made available in Jesus Christ, the open doors, the financial contributions of partners, and together we all celebrate His everlasting love and faithfulness.

Notable among other developments in the work of the Institute is the significant improvement in our administration. I am beginning to appreciate that just as Jesus Christ appoints Apostles and Prophets over a work so does He appoint administrators.

ICLD CEO
Olusegun Timothy Olanipekun

Without anointed administrators, a lot of what God has to say and do through a ministry may remain undone or done improperly. It has been said that talent is not the problem in Africa but the administration and management of talent. Neither is resource the main problem as well but the administration of it.

On this note I want to thank my wife Rachael Olusegun head of admin of the Institute for her outstanding effort in the past two years in the area of administration. I also thank Christel Smith who sits at the front desk of ICLD for her commitment and hard work.

I am proud to state that based on our improved administration ICLD books are up to date. We also are up to date with our annual submissions to the department of Social Development. We are SARS and CIPS compliant as well. I believe that just as our organizational capacity has improved, so shall we increase in the grace of delivery on our mandate as well as the financial capacity required.

ICLD sister organizations including the Africa Leadership Summit (ALS), Africa Israel Chamber of Commerce (AICC), Africa Agency (AA) and the Africa Youth Camp (AYC) have been growing in capacity as well and impacting the continent of Africa. It gives me great pleasure to announce that the Africa Leadership Summit will convene in Jerusalem for the 4th assembly from 1-8 September 2019.

In 2018, ICLD completed the five Leadership Training Modules in Pretoria. Thuli Makhene succeeded Jaco Smit as Principal of the Training school. Franz De Lange is our new Finance Director, Shepherd Dzikiti is in charge of our book keeping and Van Zyl Accountants in Pretoria is our official accountant.

We are also blessed with an increasing number of volunteers on our team. On behalf of ICLD board, I appreciate the volunteers, prayer and financial partners. The year 2019 is election year in South Africa and ICLD is leading the Voter Education Campaign in partnership with several other organizations. In addition, ICLD is hosting a workshop on the 31 January 2019 on the Prophetic Seasons in the Political Development of Nations.

It is my prayer that 2019 will be a year of the Kingdom in your life, family, work/business and nation. May His Kingdom come and His will be done on earth as it is in heaven!

Shalom
Segun Olanipekun

LEADERSHIP TRAINING SESSIONS (LTP)

The Institute is proud to report that the fifth consecutive leadership training (2014-2018) was held in Lynnwood, Pretoria this year. The training was presented as five modules over five three day sessions.

The leadership training is offered in an effort to raise up righteous leaders, who can provide solutions for an afflicted continent, which desperately needs the light to shine brighter upon and within it. The course aims to provide the Bible-based substance that Christian leaders need in order to be positioned for custodianship of God's property.

In the ICLD leadership course we present: A priesthood which is able to recognize and pull down strongholds and dismantle bondages. The strength of the priesthood lies in its fundamental understanding that its identity is rooted in the victory of Jesus Christ and its willingness to assume and exercise its delegated authority from Him upon the earth; in its capacity to harness the prophetic and consequently, its unique positioning to provide vision to leaders and society in the 21st century. The training culminated in the Biblical Leadership and Discipleship module which encapsulates the vision of the training programme by equipping fit-for-purpose leaders who can disciple others.

Some students described the course as 'challenging and motivating' and feels that it presented 'a different and Biblical understanding of true leadership, as ordained by God'.

We are hopeful that attendees of the leadership training are not just transformed in their understanding, but that they are provoked to action, to arise as leaders who will make the kingdom of this world the kingdom of our Lord.

The new intake for the 2019 Leadership Program will commence at the start of the first quarter in the New Year. Registration for 2019 LTP is open.

AFRICA CELEBRATES JERUSALEM

This initiative is gathering 1 million signatures to declare that 'JERUSALEM IS THE ETERNAL CAPITAL OF THE JEWISH PEOPLE AND THE ETERNAL HOME OF THE CHRISTIAN FAITH'.

It forms part of Africa's contribution to the celebration of the 50th Anniversary of the Unification of Jerusalem.

The first edition of the signatures was printed into a book and presented to the leaders of Israel during the 2017 Africa Leadership Summit held in August in Jerusalem. The project will continue until it reaches the targeted 1 million signatures of Africans at home and in the diaspora.

Be a part of this historic declaration!

AFRICA- ISRAEL CHAMBER OF COMMERCE (AICC)

A brainchild of the Africa Leadership Summit (ALS), the Africa-Israel Chamber of Commerce (AICC), conceptualized in 2015 and launched in August 2017 in Jerusalem, was formed to provide a credible business network for African and Israeli businesses in line with the ALS vision of linking African cities, sectors and systems with Israel in order for Africa to benefit maximally from the Abrahamic Covenant, Mantle and Blessings. This will ensure that Africa benefits from the latest technology, innovation, creativity available in modern Israel. The AICC strives to create a footprint across Africa feeding into Israel; thereby building a highway of business between cities of Africa and the nation of Israel.

The AICC has taken off to a blasting start with Chapters forming all across Africa. The Gauteng Chamber as well as the Calabar Chamber have launched successfully earlier this year. The Swaziland Chamber has already registered and is launching soon. From Southern Africa the Botswana- and Lesotho Chambers are in the process of registering. From Nigeria the Abuja-, Ile-Ife- and Ogbomoso Chambers are also in the process of registering and from Kenya the Nairobi-, Nakuru- and Mombasa Chambers are prepa-ring to register.

An AICC Board Delegation visited Israel during October to officially introduce the AICC to various stakeholders in the Israeli business environment. It will Ultimately establish business ties and open doors across all the business sectors, priming the highway for Africa businesses. A general willingness to partner with the AICC was perceived from all the businesses visited, making it a very successful business delegation.

The AICC is looking forward establishing a Chamber in every city and in every nation linking Africa with Israel, creating the business highway, allowing Kingdom business the Kingdom way.

On 30 June 2018, the Institute hosted the launch of the AICC Gauteng Chamber. The AICC was presented to the African and Jewish business communities in Gauteng at the Protea Hotel, Midrand.

Interested businesses are encouraged to visit the AICC website to familiarize themselves with its membership, operations and business footprint.

AFRICA AGENCY CONSULTATION

The vision of the Africa Agency is to establish a Pan African, Pro Israel, socio cultural, socio spiritual and grassroots movement to facilitate holistic development towards the realization of the African dream. The mission of the Africa Agency is to mobilise people in each tribe, city and village of Africa to take charge of their own development, accommodate the interest, needs and aspiration of other people groups and to create an atmosphere for Africans in the dia-spora to invest back home.

The Africa Agency strives to achieve: The establishment of the African Agency as the apex voice of the African people at home and in the diaspora. A voice beyond politics and government of every nation, race and people group. The mobilization of leaders and elders in every village, tribe, city and nation of Africa as well as every community of Africans around the world. To address the issues of underdevelopment and encourage Africans in the diaspora to invest at home towards the development of African cities and the African economy.

To encourage the development of the culture of productivity and excellence, a departure from backward, barbaric, violent and unproductive cultures among Africans towards the realization of the African century. To create systems that can challenge neo colonization and the exploitation of African resources. To hold governments and government institutions accountable at every level. To learn and partner with the Jewish Agency without necessarily duplication of systems because Africa is unique and different. To work towards the realization of the African dream.

The Africa Agency held a very successful consultation in Kenya during August. The Kenyan brethren are very excited about the Africa Agency and decided to start a Chapter in Kenya straight away. At the Nairobi conference, delegates recognise that Africa is unique and that Africa may not necessarily copy the model of the Jewish Agency. However, Africa recognises that there is a lot to learn from the work, structure and achievement of the Jewish Agency. The delegates at the Nairobi conference also decided to make a financial contribution of five thousand Israel Shekels towards the work of the Jewish Agency. This financial contribution was delivered to the Jewish Agency by Pastor Segun Olanipekun, the convener of the Africa Leadership Summit on the 21 October 2018 at the offices of the Jewish Agency in Jerusalem. Danielle Mor and Rabbi Raphael David received the donation on behalf of the Jewish Agency.

Through the newly established partnership with the Jewish Agency, the Africa Agency can grow and become an optimally functioning Agency encouraging development in Africa. The Africa Agency will officially launch during the 2019 Africa Leadership Summit in Jerusalem.

AFRICA YOUTH CAMP

By Joshua Olusegun

The Africa Youth Camp 2018 was held 1-5 October in Tarkastad, Eastern Cape. Young people from Gauteng (Bronkhorstspuit, Mamelodi, Pretoria and Mozambicans working in Gauteng); Eastern Cape (Mthatha, Steynsburg, Tarkastad, Bredasdorp and Ugandans working in Mthatha); Zambia and Nigeria attended. It was a real AFRICA youth camp.

The aim was to talk about various issues: Firstly, about our role in society, taking responsibility as young people for where we live/ find ourselves. Secondly, understanding the Kingdom - that starts with entering the Kingdom (being saved), understanding who our King is (how great) and understanding what He wants (a new people from all tongues and tribes and culture to belong to Him). We further talked about poverty and racism and how we need to look at our world through God's glasses. Lastly we talked about how to build friendships across boundaries in a divided society. Understanding who God is and that we belong to Him enables us to be part of making His Kingdom come on earth

The beautiful thing about this camp was that intercessors gathered and prayed continuously. When someone got saved they would take them and pray over them. When someone was crying they would pray over them. We prayed, worshipped, prayed specifically over each person, talked, played and laughed much. People's lives were transformed and they were challenged to go home and do something in their spheres of influence with God's ability to grow.

Everyone left with so many new and different friends. The Zambians are keen to host the 2020 AYC in Zambia and the people from Mthatha are eager to host the 2019 AYC. To accomplish all this, new members were added to the committee and we are all looking forward to the 2019 AYC.

Thank you for all your prayers and support, moral support, food, money, encouragement and being there for us. Thank you to the congregations who supported us with meals, thereby helping to cut the costs. I truly have a sense that this time WE did it. It was through many hands and many prayers that the work has been taken forward.

Please continue to pray for our young people. That God would protect them, grow them and give them everlasting fruit.

THANK YOU FATHER.

Without You we labour in vain.

You are so awesome in Your vastness and kindness.
