Purpose

VISION

Hebrews 11:10 - The Abrahamic quest for cities with Godly foundations continues in Africa. A quest to abandon secular, humanistic and demonic foundations, in order to establish societies based on Biblical values. To connect and develop African leaders who understand the place of Israel in the leadership of nations and various sectors of society.

MOTIVATION

The Summit is a fellowship of leaders. It focuses on connecting Africa to God's way, God's word and the replicating of the Abrahamic mantle for the discipleship of African nations. The Abrahamic mantle captures the authority of a father leader to develop nations according to the original blueprint in heaven. It includes the divine capacity to establish foundations of trans-generational effect in cities and different sectors of society.

PARTICIPANTS

ALS attracts leaders from different sectors of society, cities of Africa and among Africans in the diaspora, including:

1. Business Leaders
2. Church Leaders
3. Traditional Leaders and
4. Political Leaders

GOALS

1. To invite the Lord to accomplish those things which He accomplished in Israel in Bible days and more in the cities of Africa.
2. To promote the support of African leaders for Israel.
3. Prophetic praying as we tour the land of Israel.
4. To network Africa business people with Israeli businessmen through matchmaking.
5. To strategise on the establishment of righteous political leadership in every city and nations of Africa.
